RESIDENTIAL
PORTFOLIO

Fueling Hydraulic and Automation solutions in the UAE

www.globetechllc.net

About Us

From Italian origins, **Globetech Automation** pioneers hydraulic and automation solutions in the UAE, delivering reliable, efficient, and safe systems for industrial projects. With over **20 years of expertise**, we turn challenges into opportunities by combining innovative engineering with a steadfast commitment to excellence.

At Globetech, we pride ourselves on building lasting partnerships, approaching every project with **sincerity**, **wisdom**, and a **client-first mindset** to deliver results that exceed expectations.

Residential Swimming Pool Solutions

At Globetech, we elevate residential living with our **innovative pool solutions**, blending ***luxury, functionality***, and ***safety***. Committed to excellence, we create bespoke designs with a client-first approach, ensuring seamless integration and lasting satisfaction for homeowners.

Villa Concept

Before

Pool during daytime

Hydraulics hidden underneath the pool

After

Transforms into a Patio for evening events

Villa Concept

Before

Pool's Cover is Hidden
inside Pool's frame

After

Hydraulics move the pool's
cover to provide coverage

School Concept

Before

Utilize the space for the school's swimming pool lessons

After

Adjustable floor depth to accommodate various activities

Ensures children's safety

Reduces pool's cleaning costs

Convert the pool area into a versatile space for hosting diverse school events

Hotel Concept

Before

After

Convert the pool into a space for evening events

Rent out the pool area for private functions

Use our technology to host weddings, birthdays or other events

Fits any pool shape with adjustable depth, safe for kids

Our design can be adapted to fit any pool shape

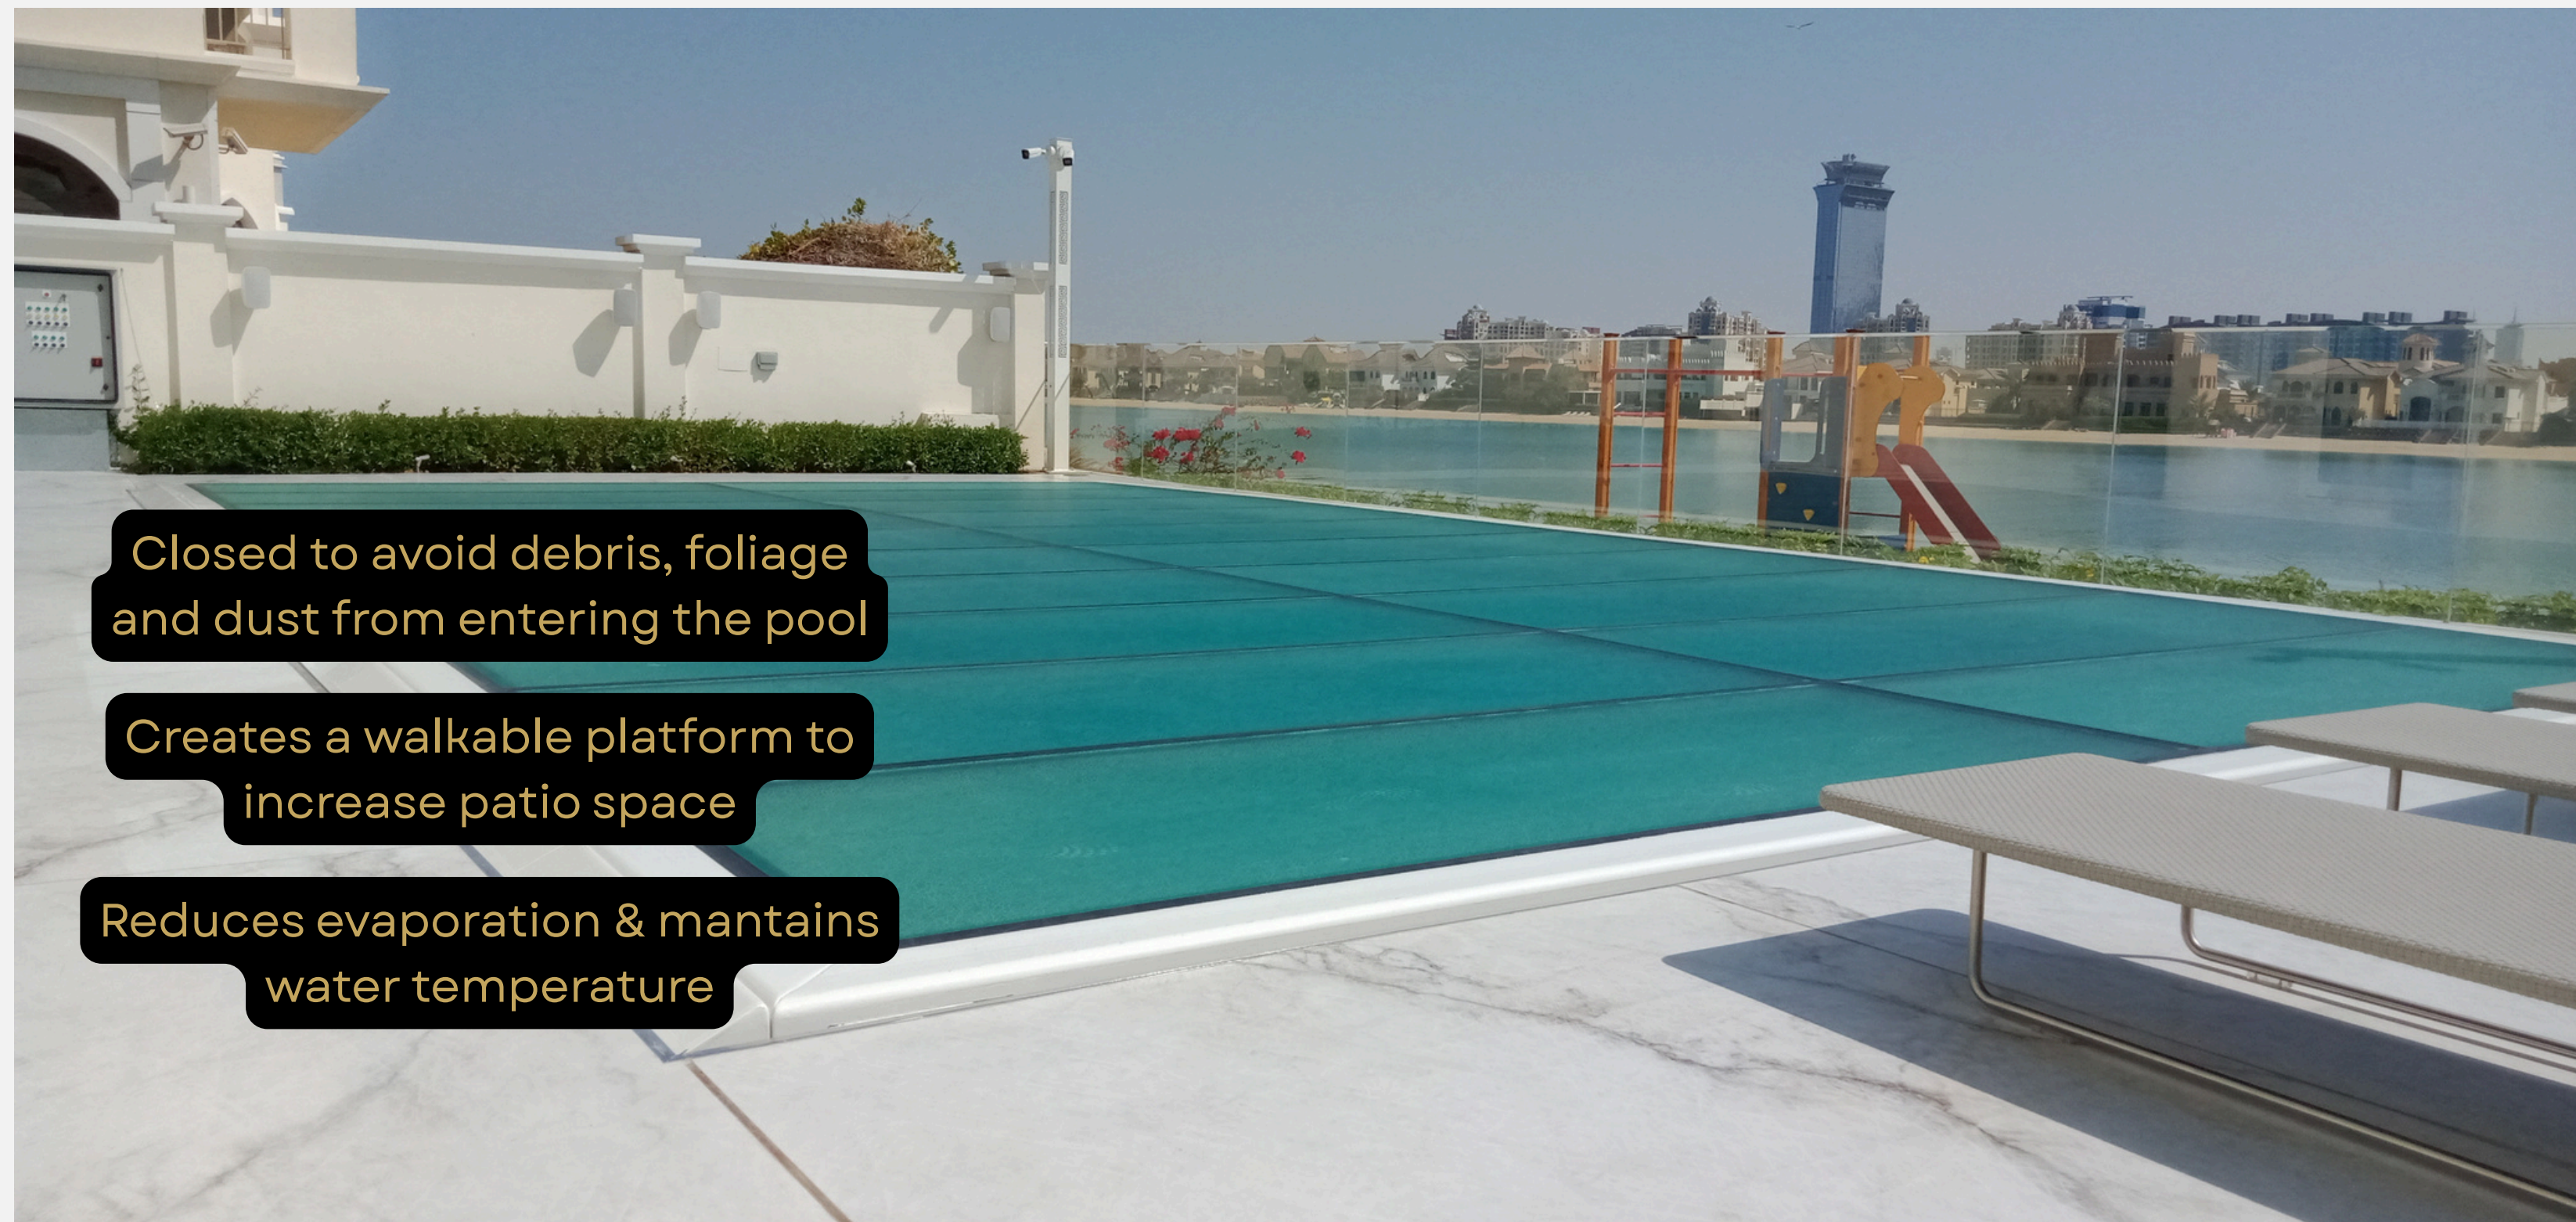

Palm Jumeirah Swimming Pool

Hydraulic cylinders
used to lift the cover

Provides Shade

Palm Jumeirah Swimming Pool

Palm Jumeirah Swimming Pool

SeaWorld Pool

Submerged pools to
host various aquatic
animals

SeaWorld Pool

When aquatic animals need care, the pool can elevate to bring them safely to the surface for veterinary treatment

Pool in lifting position
